Design, Construction &
Sustainability Institute
(DCSI)

The DCS Institute is a quality-driven institution dedicated to providing Polk County construction industry businesses with exceptional workforce training to support the building of a high quality, sustainable infrastructure throughout the County.

Design, Construction and Sustainability Institute

UPDATED Spring 2010 Class Schedule

Our new list of classes is more diverse and relevant to the needs of the construction industry and businesses interested in environmental sustainability. We offer very competitive prices... Please register early!

Grant dollars are available through PolkWorks to offset the cost of training employees of eligible companies by up to 50%. Contact Kathy Suttles at (863) 401-8077 or visit the link below.
