

Lake Wales High School Girls Tennis Snack Basket Fundraiser

Recently given the opportunity to coach the Lake Wales High School Girls Tennis team, only days before the season started, I have been very privileged to contribute some of my tennis knowledge to the girls. Though with that great privilege comes great responsibility in the many tasks that a head coach must complete. One of the responsibilities is raising money for the various costs that the team has throughout the year; the most continuous one is maintaining our "Snack Basket" full for home and away matches for the girls. These goods are usually bought with Tennis Booster money; but with such a late start as coach I was unable to have the opportunity to come into the season with enough funds to consistently do so. This is why this year I have decided to incorporate a fundraiser called the "Snack Basket." Any size contribution (even a dollar) that can be given to the team will go into the booster account for the "Snack Basket" needs, and will be noted. Hopefully with your help we can keep the snack basket full and the girls on their toes for a winning season!

Thank You!

Ylni Esquilin

LWHS Head Tennis Coach
