

# Career & Technical Education Expo 2010

Dear Business, Industry, Community and Educational Partners,

You are cordially invited to the first Career & Technical Education Expo  
Polk State College / Lakeland Campus

April 9, 2010

Business – 4:00p.m. – 6:00p.m.

Parents - 6:00 p.m. until 8:00 p.m.

Refreshments and Entertainment Provided

The Expo will feature more than 40 high and middle school exhibitors who will be showcasing their products and skills. These students are the next generation of Polk County workers and you will have the opportunity to interact with the best. Anticipation of this event is growing and we expect that it will greatly benefit our community.

## Who Should Attend This Event?

This expo should be attended by anyone who is interested in the quality and state of readiness of the future workforce of Polk County.

## How can you help make this event a success?

This is the first CTE Expo designed to showcase and support our high school and middle school students and here is how you can help make it a success.

- Bring 7 people from your organization that would have an interest in the future workforce of our county.
- Bring 3 small business leaders that do not work for your company. Examples: veterinarian, plumber, electrician, car mechanic,... anyone that will need highly trained employees.
- All participating companies will be recognized during the event by the student hosts.
- Become a Sponsor of this event by contributing \$250. Door prizes are also being accepted for event giveaways. Sponsoring companies will be recognized during the event and have their logos on the website and event literature.

We are proud of this collaborative effort of our public school district, Polk State College, and our industry and community partners. We want to thank you in advance for your consideration and support. What an excellent opportunity for us to come together to support our future workforce!
